Sir,

Subject - Drainage Scheme for Krishnarajanagar

With reference to your letter No. 5660-Ml 73-43-6 dated 30th November 1943 forwarding for necessary action an extract from an address presented to the Devan by Lokaseva-niratha Mr Bale Siddalinga Setty on behalf of the Municipal Councillors of Krishnarajanagar, when the Devan visited the town on 25th October 1943, I have the honour to enclose herewith a copy of this office letter No D3-1385/37 dated the 25th August 1940 to the Director of Public Health in Mysore, Bangalore, together with connected records which clearly explains the circumstances under which the question of providing a system of drainage to the town was deferred But, in their address presented to His Highness during His Highness' recent visit to Krishnarajanagar on 15th December 1943, the Municipal Council have represented among other things that the town be provided with proper drainage In reply, it is stated that Government would consider the question as sympathetically as possible The Municipal Council request that the entire cost of the scheme be met out by Government as the Municipality is unable to pay anything out of its funds towards this work

I request that the Go
undertake this scheme, the ~~extra~~ entire cost thereof being borne by

them as requested by the Council.

I have the honour to be
Sir,
Your most obedient servant,

— Canarese

Deputy Commissioner,
Mysore District.

Letter No D3-/385/37 dated 20th August 1937 from the Deputy Commissioner, Mysore District, Mysore, to the Director of Public Health in Mysore, Bangalore

Drainage Scheme to Krishnarajnagar Municipality

With reference to your letter No C 356-4 dated the 11th September 1939 and subsequent reminders on the above subject, I have the honour to state as follows -

Two estimates have been prepared One a comprehensive drainage scn for Rs 1,04,963/- making adequate provision for the present requirement and future developments of the town and the other, a schme costing Rs 64,000/- for the immediate requirements of the Municipality The latter of the two schemes was considered by the Municipal Council at their meeting held on the 2nd Augst 1939 The resolution of the Municipal Council is to the effect that as the Municipality has no money, the Government be requested to bear the entire cost and work out the scheme in a period of four years by giving an annual grant of Rs 16000/- during that period

The contention of the Municipal Council is that in connection with the formation of the new town, the Town planning committee, had worked out a scheme for providing a system of drainage to the new town but that the Public works Department has not carried out this item of work The papers connected with proceedings of the town planning committee are not available The Executive Engineer K R Sagar Division has however sent me a copy of the report drafted by the Committee to ~~the~~ accompany the estimate for the lay out of the new town I enclose herewith copy of this report It will be seen from it that the estimate did not make any provision for a scheme of drainage Certain sums were provided for excavating storm water drains, constructing tunnels at road junctions and removing slabbed drain in the old town and reconstructing it in new town Against these items the actual expenditure incurred is stated to be Rs 22,142/- A copy of the statement of outlay received from the Executive Engineer, K R Sagar is enclosed The report itself points out that excepting the slabbed drains already referred to there were no masonry sewers in the old town It appears from this that the contention of the Municipal council that the public works Department has not carried ~~carried~~ out the scheme of drainage proposed by the town planning Committe is not based on facts The Committee then alone foresaw the need for a proper system of drainage as the town developed but they took the view that it was for the Municipality to take up the scheme with the aid of Grant when the necessity therefor arose

I enclose herewith a statement showing the receipts and expenditure during the last 6 years It shows that the existing income of the Municipality is hardly sufficient to meet the present level of expenditur The balance at the credit of the Municipality in the treasruy is not more than what is required for current expenses , It has no doubt deposited a sum of Rs 15,000/- in the Government Savings Bank But this money will not be available for financing th drainage scheme It has entered into heavy commitments both recurring and non recurring in connection with the Municipal High School which was started recently Besides, it owes heavy sums to the water supply ~~department~~ Dept towards the electric power charges

In the foregoing circumstances it seems to me that the question of providing a system of drainage to the town may be deferred for the time being The town is still in the process of development and there are large areas still unbuilt The town has been constructed on a ridge with good natural drainage In my opinion there is no overwhelming need for undertaking a costly scheme of drainage at the present ~~amount~~ ~~...~~

SECRETARIAT 29 25

27 APR 1944

The Mysore Representative Assembly.
Budget Session, May-June 1944.

Memorandum 270-295/44
7-5-44

Representation No 38

Sanctioning Rs two lakhs for taking up the drainage scheme work in Krishnarajanagar Town

Krishnarajanagar Town has got more than a thousand houses, having population of about 5000. Since it is not a rich municipality, it has not been able to take up any drainage wck Even the drainage materials of the old town were taken away by Krishnaraja Sagar Department. The town at present is suffering a good lot especially in thickly populated areas without drainage. It is ~~sincerely~~ praye that the Government should immediately sanction as a secial case, at least two lakhs of rupees to take up the drainage scheme work in the town.

Mr R B Puttabasappa (Krishnarajanagar--Rural)

Memo submitting the copy of the representation for a note on the matter
Sd/- 3/5

Note by Executive Engineer Krishnarajanagar Dt 4/5

From the D P H
No. C 289-3 dt 11-5-44

Note called for in the matter

The argumentative portion of the representation has been disallowed

In this connection it may be stated that proposals received for the comprehensive drainage scheme and for attending to the urgent work

{746} 7068 R A Representation No-30

2) The scheme have been referred to the D P H for revising the estimate according to the present enactment. This has not yet been received.

In view of the information received from the D P H in the matter the following secretariat note is put up for orders —

Secretariat Note.—

An estimate for Rs 1,04,963/- for the comprehensive drainage scheme of Krishnarayapuram Town and another for Rs 64,688/- for the immediate works of the scheme have been prepared in the year 1939. The question which was deferred for an account of the inability of the local bodies for meeting their share of the cost. The proposals have again been received and the estimate is under revision by the D P H for an account of the present high rates. Sometimes the question of granting grant to the extent needed will be considered after the receipt of the same

Nov 1/5

Secretariat note

An estimate for Rs 10 4 963/-
for the Comprehensive Drainage Scheme
of Kurnool-Cuddapah Canal and other
works Rs 64 689/- for taking up the
immediate works thereunder was prepared
in the year 1935. The question was
deferred on account of the inability
of the local bodies to finance
its portion of the cost.

The proposals have been again
reviewed and the estimate is under
revision according to
market prices of materials. The
question of providing funds for the
execution of the scheme will be
considered soon after the receipt
of the revised estimate from the
Director of Public Health.

The above note was approved
by the Minister [illegible]
pleased that his recent
tour to promise adequate
help for the just towards the scheme]

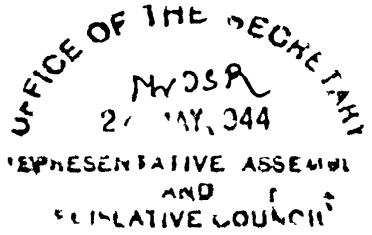
Form 24/5



Representation No 38 sanctioning Rs 2 lakhs for taking up the drainage scheme in Krishnarajanagar Town

Mr R B Puttabasappa (Krishnarajanagar-Rural)

Repl

A comprehensive drainage scheme amounting to Rs 1,04,963 and a part scheme for the immediate requirements of the Town, amounting to Rs 64,6 8 were forwarded to the President, Town Municipal Council, Krishnarajanagar in March 1939 The Municipal Council resolved in August 1939 that since there were no funds in the Municipality the estimate for Rs 64,688 for the immediate requirements of the Town may be taken up providing Rs 16,000 every year by Government as a grant But the Scheme was deferred on the opinion of the Deputy Commissioner as the Municipality was unable to meet its quota

The question of providing the scheme has been taken up again But the estimates which were prepared five years ago, cannot hold good now, and require revision The scheme for the immediate requirements of the Town will be taken up as soon as the revised estimate is sanctioned and funds are provided for

(* Government have been intimated in this Office No C 275-4 dated 18th April 1944)

The D P H has intimated in this office letter dt 18-4-44 that the no file with would be returned after necessary action

Director of Public Health

The Mysore Representative Assembly

Budget Session - May - June 1944

Representation No 38

Mover. Mr R B Puttabasappa (Krishnarajanagar - Rural)

Krishnarajanagar Town has got more than a thousand houses, having a population of about 5000 It is prayed that the Government should immediately sanction as a special case, at least two lakhs of rupees to take up the drainage scheme work in the town.

Secretariat Note

An estimate for Rs.1,04,963/- for the comprehensive drainage scheme of Krishnarajanagar town and another for Rs 64,688/- for taking up the immediate works thereunder were prepared in the year 1939 The question was deferred on account of the inability of the local Municipal Council to finance its portion of the cost

The proposals have been again reviewed and the estimate is under revision according to the present prices of materials The question of providing funds for the execution of the scheme will be considered soon after the receipt of the revised estimate from the Director of Public Health.
